Zany Brains Science - STEM Grades K-2

Science is the effort to discover and increase human understanding of how the physical world works. Young children begin to understand science when they are stimulated to think for themselves and explore. *Zany Brains Science*, brought to you by Creative Enrichment, takes an investigative approach to introducing young learners to the magical world of science.

We'll perform intriguing, hands-on experiments as we cultivate children's curiosity, gain science and math knowledge, and build universal cognitive and social-emotional skills!

Activating natural curiosity, *Zany Brains Science* encourages students to explore the physical world in which they live and make their own scientific discoveries. This investigative approach to learning makes *Zany Brains Science* exciting and fun!

Please complete this registration form, attach payment, and return to Greenwood ES by Sept. 7th (early bird) or Sept. 21st

Zany Brains Science	Thursday's from 3:30 - 4:30pm	*EARLY BIRD! *Return by Sept. 7th- \$200.00 Return by Sept. 21st- \$210.00
