

# Greenwood ES - Winter 2019

## Silver Knights Coding

In Silver Knights Coding, brought to you by *Creative Enrichment*, children create stories, games, and animations using a visual programming language called Scratch. It's as easy to use as snapping together building blocks!

Projects like mazes and platform games make learning logic, coding, and animation fun and creative! Our curriculum teaches new coders the basics while challenging more experienced coders to create increasingly complex programs.

We do different projects each session. Each student takes home a USB with all the programs on the last day of each session.
